

We start with the main character. Add a popular glow to his skin along with dark clouds for the environment.

Tron style letters fly in as Bridge's face manipulates to his younger self.

The 3D letters fly in from all directions.

The 3D letters settle in to their place. Bridges disappears so the audience can focus on the title.

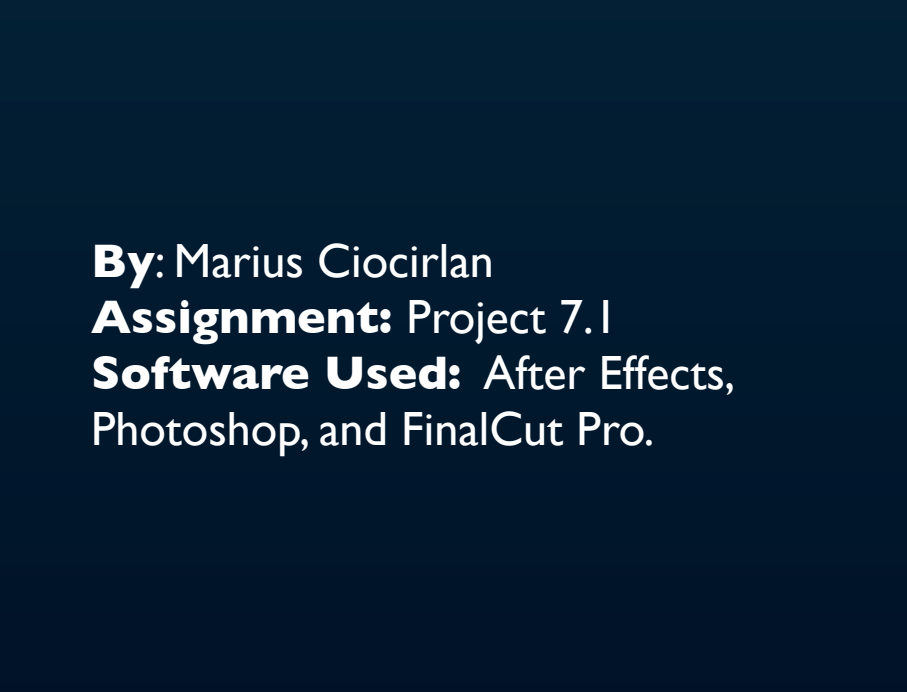

The 3d letters flicker out and disappear. The flickering effect is very popular in the Tron brand.

As the letters disappear. Bridges flickers out as well.

Bridges transforms into a younger Bridge.

The clouds flicker behind them, giving him an evil atmosphere.

The magazine cover starts to appear and old bridges settles after much flickering.

The clouds slowly disappear.
